GOAL

The goal of the Certified Professional in CPD (Healthcare) CPC(HC) credential is to enhance the quality and impact of CPD activities and strengthen the discipline of CPD. It accomplishes this by recognizing the professional development and achievement of those engaged in CPD as leaders, program developers, researchers and administrators, whether physicians or non-physicians.

This credential is available through a Certificate Route, described separately, or by a Leadership Route, which is the focus of this application.

The CPC(HC) credential is awarded through the Leadership Route to applicants who can meet the following requirements:

1. They are senior CPD professionals in Canada with significant experience and a demonstrated track record of achievement as a CPD leader, including its development, delivery or scholarship; and
2. Evidence of the impact of their achievements in CPD leadership provided in their own declaration and in the assessment of peer referees.

Personal Statement: My Leadership Story

Please provide a description (limit of 6000 characters, about 1000 words) of your **CPD leadership achievements** that have been impactful in any or all of the following areas:

- Education, scholarship, and administrative activities
- Active involvement in international, national, provincial or local CPD organizations
- Your position as a CPD leader, administrator, or innovator
- Leadership in CPD to support social accountability
- Interprofessional CPD

As you write, please consider the eight CPD competency domains described on page 19 of the Future of Medical Education in Canada-CPD (FMEC-CPD) report found at cpdcoalition.ca.

Reference Letters

Include 3 reference letters which provide evidence of your leadership in CPD, of your impact in academic and community settings, and that speak to your achievements and contributions to CPD. These may address:

- Education, scholarship and administrative activities
- Involvement in international, national, provincial or local CPD organizations
- Your position as a CPD leader, administrator or innovator
- Leadership in CPD to support social accountability

Please ask your referee to provide their comments about your significant contributions and achievements. They should be encouraged to comment on how you have achieved excellence in the some or all of the 8 Competency Areas of CPD:

1. Understand and utilize adult learning principles and accreditation standards to guide the development of CPD programs.
2. Design education interventions on the basis of best evidence for program development.
3. Measure effectiveness and impact of a CPD activity.
4. Collaborate with interprofessional partners and stakeholders to meet the CPD mission.
5. Collaborate with health systems to integrate quality improvement, patient safety, and knowledge translation with CPD.
6. Utilize tools and processes to aid in the development, delivery and dissemination of CPD activities.
7. Engage in self-assessment and lifelong learning to improve individual performance.
8. Facilitate practice-based CPD and team-based learning.
